

Dear Parent/Guardian:

The Mill Valley School District is helping to make accident insurance available for your children. This program provides benefits for accidental death and dismemberment along with accident, medical and dental expenses. As the school district *does not* carry any form of insurance to protect your children, it is especially important that you consider this offer if your child does not currently have coverage.

The available insurance plan gives you several options. You may choose any one of the following:

- A. **24-Hour Accident Coverage (full year or summer only)**
Options: Low and High

- B. **At School Accident Coverage**
Options: Low and High

Each option has different benefits and premiums. Please contact the Mill Valley School District Administrative Office at (415) 389-7712 or bkent@mvschools.org for a brochure which includes premium information or visit the website at www.studentinsurance-kk.com. This coverage is offered by K&K Insurance Group, Inc. If you have any questions concerning this coverage, you may contact K&K Insurance Group, Inc at www.kandkinsurance.com.
