Locally Funded School Districts

- Locally funded or "basic aid" school districts, under current statutes, have seen reductions comparable to revenue limit districts:
 - The "fair share" cuts have been taken from basic aid school districts in the form of unrestricted (supplemental and Tier III) and restricted (state categorical) funds in each respective fiscal year, as per current law
 - The current statutory provisions indicate intent to restore funds to basic aid districts, captured under the "fair share," when the deficit is refunded to revenue limit districts
