## Special Education PTA, Mill Valley

<http://www.itavmv.org>

It Takes A Village (ITAV) is the district-wide Special Education PTA, a support group for parents of kids who learn differently, and a valuable resource for all families including those not part of special education.

Its primary mission is to promote the success of children who learn differently, but we serve all students through our parent education, advocacy and community. We are proud to:

- Lead the charge on new district-wide initiatives like **No Bully®** anti-bullying campaign
- Bring **programs directly to students** like adaptive sports, and diversity understanding workshops
- Create a community where talking about the challenges of parenting is welcome through our monthly **parent coffees**
- Host the district's monthly **Parent Education 2013/14 Lecture Series:**

<b>October 3<sup>rd</sup></b>	<b>Supporting Your Student's Math Development &amp; Homework Strategies</b> <i>Erin Conklin &amp; MVSD Special Ed Teachers</i> Park School, 7PM
