

## Funding Priorities

The following funding priorities were established in accordance with the District's Educational Specifications and the Guiding Principles for Master Planning Priorities adopted by the Mill Valley School District.

It is anticipated that the District's facility modernization and new construction needs may exceed the amount of funding initially available. These Funding Priorities will be used to guide decisions in establishing the order of projects recommended for funding as it becomes available, consistent with the Guiding Principles of safety, enhanced learning environment, fiscal responsibility, flexibility, accessibility, maintainability and sustainability.

### Level 1

- Fire and life safety systems
- Notification systems (alarms, bells, clocks and intercom)
- Seismic structural systems
- State Building Code compliance
- Americans with Disabilities Act compliance
- Enrollment capacity

### Level 2

- Building envelope (roof, skylights, windows and exterior walls)
- Mechanical, electrical and plumbing (MEP) systems
- Security systems (alarm, fencing, locks and hardware)
- Interior surfaces (floors, ceilings and wall)
- Information technology
- Site drainage
- Traffic circulation
- Storage

### Level 3

- Athletic facilities
- Playfields and play structures
- Community spaces
- Parking and driveways
