

Question 2019-20 Lunch RFP

1. Attachment C – What information would you like us to submit?

*We would want to see evidence that you have qualified Nutrition Staff that would be responsible for menu planning and meeting NSLP guidelines pertaining to reimbursable meals.*

2. If financial statements that are audited by a certified public accountant are not available would unaudited balance sheets as well as Profit and Loss statements for the last three years acceptable?

*If financial statements have not been audited please provide your unaudited financial statements.*

3. Is it required to use chart on “Attachment G:fee proposal” to demonstrate the cost breakdown, or are we able to make our own chart?

*If you would like to submit your own spreadsheet that is fine, as long as it contains all of the necessary information.*

4. How many annual meals are “Free and Reduced” Lunches? How many meals are full priced lunches?

*We serve approximately 27,000 free and reduced lunches and 89,000 full price lunches per school year.*

5. Does MVSD currently accept and use commodities? Does MVSD intend to accept and use commodities next year?

*MVSD does not currently accept and use commodities and we do not to intend to do so in the 2019-20 school year.*

6. As part of the proposal will MVSD require the FSMC to place staff for work in the school district (e.g. food service workers and/or lunch servers)?

*MVSD will not ask the FSMC to place staff to work at our school sites. MVSD will be responsible for serving meals.*

7. Does MVSD expect the FSMC to provide an online ordering platform for parents?

*MVSD expects the FSMC to provide an online ordering platform for parents.*

8. Does MVSD expect the FSMC’s fee proposal to include licensing costs for the POS and all associated systems?

*MVSD expects to see the licensing costs for the POS and all associated systems to the best of the FSMC’s ability.*

9. Does MVSD have its own merchant account for payment processing?

*MVSD currently has its own merchant account for payment processing but would prefer to have this become the responsibility of the FSMC.*

10. Does MVSD expect the FSMC's fee proposal to include credit card processing fees?

*If the FSMC could be responsible for payment processing than the associated costs should be included in the proposal.*
