

# Supplies

Dear 6<sup>th</sup> Grade Students & Families,

**On the first day of school, the only supply you'll need is a pencil.**

Once school begins, the teachers in each of your classes will tell you more about the supplies you'll need.

We know some students are really eager to get school supplies. Some teachers have supply lists posted on their websites. You can find the teacher websites under the Teacher Sites link at <http://www.mvschools.org/Page/258>.

These supply lists may help you prepare, but **teachers do not expect you to have the supplies on the first day of school**. You'll have plenty of time to get what you need. You may notice that there are similar supplies on each teacher's list; please know that you don't need multiple sets of the same supplies for different classes.

We're looking forward to meeting you soon!

From,  
Your 6<sup>th</sup> Grade Teachers
