

Five In A Row Subtraction

Roll and Record Subtraction

Use a 7-12 die and a regular 1-6 die.

To make a 7-12 die:

1. Cover each side with a blank sticker.
2. Then write the numbers 7 to 12 on each side.

OR

Use 3 regular dice:

1. Roll all 3 dice.
2. Add two of them together.
3. Subtract the lesser number from the combined number.

Play just like Five In A Row or Roll and Record Addition, except subtract the lesser number from the greater number.
