

**The spiders keep on spinning,
The spiders keep on spinning,
The spiders keep on spinning,
Until our work is done**

**We stay so nice and quiet,
And keep a simple diet
Of bugs that buzz and fly, yes
We keep them on the run**

**And if you hate mosquitos
Then spiders are your heroes
And aphids live in fear, oh
We eat them all for fun**

**We can be smooth or hairy
Some people think we're scary
Our webs are light and airy
But built to hold a ton**

**Please give us all a pardon
For in your home and garden
We spiders play a part in
Protecting everyone**

**The spiders keep on spinning,
The spiders keep on spinning,
The spiders keep on spinning,
Until our work is done**
