

**Local Control and Accountability Plan (LCAP)
Student Feedback Meeting
2/10/21**

- What part of your student learning day is most meaningful....Language Arts, Math, Science, Social studies, Art, Music, PE, etc. How do you know how you are doing in those areas?
- It's important to be challenged and to have support in your classes. Could you share an example of a time you have received support for learning or when you were challenged to go above and beyond?
- What has worked well for you as you have been in learning this year? What is your greatest challenge?
- What is your hope for how school will change or stay the same in the future?
- Are there apps on the iPad or laptop you've used in class this year that have helped you learn or do your schoolwork better?
