

Creating Your Own Key lock Puzzle

1. Go to chapter 6.1.1 in your ebook and click on the link to the Key Lock Puzzles.
2. Go to the upper left menu and click on “Create a Puzzle”.
3. Select triangle or key
4. Your game must stay between -20 and 20 on both the x and y axes.
5. Create a game requiring at least 4 steps to solve. Use at least one wall.
6. In the upper left menu, select “Play this Puzzle” and play your puzzle. It must be solveable.
7. Now remove the steps you created while “playing the puzzle” .
8. Go to the upper left menu and save your puzzle. It will create a URL link that you need to copy and paste into an email and send it to rflatland@mvschools.org .
