

The Weekly Howler

A remote learning weekly bulletin for students of Mill Valley Middle School

Wednesday, June 10, 2020

Vol I, Issue 8

Mill Valley residents, 1918

Howls of the Spring

As we head into the summer, we wanted students to see the above image of Mill Valley residents during the Pandemic of 1918. In looking at the image, how do you think our experience differs from theirs? What was life like for them, that was different from ours? How do you think they responded to the pandemic? What do we have that they did not have? What did they have, that we do not have?

As we head into summer, it is important to reflect on these times, focus on what is important, to learn from our experience, and to grow as individuals and a society. What are you grateful for? We know that all of us at MVMS are grateful for our amazing staff, our amazing students, our amazing parents, and our amazing community. We know this has been challenging, and we know this had been hard. We do not know what the future may hold, but we do know, that together, we are better. Let's continue to support one another and come together and thrive as a community.

Highlighting our Howlers

Congratulations to all our graduating 8th graders! A wonderful video has been made in their honor. The link will be sent via Parent Square on 6/10 and it will go live at 11:00AM on 6/11. Following the video, we encourage our graduates and families to drive by the middle school (along Sycamore drop-off line) to cheer them on to high school! [Click here](#) to check out Mr. Carnahan's performance of "Pomp and Circumstance."

Spring Choir Concert

Congrats to Ms. Nicholson and all the choir students for a wonderful Remote Spring Concert via Zoom! [Click here](#) to view the Spring Choir Concert

This Summer's Howling!

Admin, staff, and teachers, and the MVSD Task Force will continue to work on contingency plans for the fall. Information will be release as it becomes available. School starts on August 20th! We will keep people informed throughout the summer.
